General Utility Service and Billing

Request to Start or End Utility Service: To Start utility services, a service application needs to be completed and returned. Applications are available at the office or online at www.muscoda.com. To End utility services you may call 608-739-4617 or stop at the office at least 3 business days prior to the date you wish the changes to take effect.

Changes to Mailing Address: It is the customer's responsibility to ensure the Utilities office has the most current mailing address on file for the Utility billing. Please call or e-mail the Utilities Office when updates are needed to: rnankee@wppienergy.org

Meter Reading: Muscoda Utilities meters are read monthly for each property. Make sure the path is clear to the electric & water meter/reader.

High Usage or Stopped Meters: If the Utility notices usage has drastically changed as compared to historical usage information, we will try to notify the customer of the issue by calling with the phone number on our files.
